

Five Proud Y-12 Dads Have Scout Sons Attending Second Annual National Jamboree At Valley Forge

Up on George Washington's old camping grounds at Valley Forge, Pa., this week are camped more than 45,000 Boy Scouts from every state in the nation and some foreign countries—and, you can safely bet, right in the middle of the seething activities of the second big National Jamboree are five youngsters whose proud fathers are employed in the Y-12 area. The five are members of the group of 25 Boy Scouts from Oak Ridge that left Sunday night, June 25, to attend the jamboree. The event closes July 5.

Here are the five youths with dads working in Y-12 who are on the trip:

Donald Miller, Troop 226, son of Harold Miller, Field Maintenance.

Gordon Estes, Troop 129, son of C. L. Estes, Planning and Estimating.

Ray Williams, Troop 128, son of Eugene Williams, Chemical.

Bob Harris, Troop 127, son of C. E. Harris, Electromagnetic Research Laboratory.

Joe Culver, Jr., Troop 229, son of Joe Culver, Sr., now with Oak Ridge National Laboratory stationed in Y-12 and a former Y-12 employee.

40th Anniversary Of Scouts

Both fathers and sons alike have been looking forward to the jamboree with high expectations. The jamboree marks the 40th anniversary of scouting and during the event the youths will participate

ALL DRESSED UP AND PLENTY OF PLACES TO GO ARE these five Oak Ridge Boy Scouts, all sons of Y-12ers, as they make final preparations to attend the mammoth National Jamboree at Valley Forge, Pa. In center is Gordon Estes, Troop 129, being aided in adjusting his uniform for the trip. At left are Ray Williams, Troop 128, and Donald Miller, Troop 226. Standing at right is Joe Culver, Jr., Troop 229, and kneeling is Bob Harris, Troop 127.

Y-12 Photos By Vince Moore

THESE PROUD OAK RIDGE SCOUTS, ALL SONS OF Y-12ERS, AND THEIR DADS LINE up for a going-away picture just before the youngsters left to attend the second great National Jamboree. From left are Harold Miller, paint shop foreman in Field Maintenance; his son, Donald; C. L. Estes, Planning and Estimating and his son, Gordon; Ray Williams, son of Eugene Williams, Chemical, standing at his son's left; Joe Culver, Jr., and Joe Culver, Sr., former Y-12er now with Oak Ridge National Laboratory and still working in the Y-12 area; and Bob Harris, son of C. E. Harris, Electromagnetic Research Laboratory, who was unable to be present because of illness.

Chemical Repeats Perfect Attendance Mark, Joined By Assay Lab.; Plant Record Rises

The Chemical Department turned in a perfect attendance record for the week ending June 25 for the second consecutive reporting period and was joined in first place in the Major League of departments with more than 50 employees scheduled by the Assay Laboratory, which also had an "all present" mark for the one week ending June 25. The laboratory was in fifth place the preceding week.

However, the plant-wide absentee record increased .5 per cent from the all-time low mark of 1.2 per cent established for the week ending June 18. The latest mark is

1.7 per cent.

Two Others Advance

Second place in the Major League was taken over by the Isotope Research and Production De-

Y-12ers Invited To Attend Meeting Of Physics Seminar

All scientific and technical personnel of Y-12 are invited to attend the weekly meeting of the Oak Ridge Physics Seminar to be held at 4 o'clock Friday afternoon, July 7. The sessions are held in the East Lounge of the Ridge Recreation Hall.

Stephen F. Malaker, associated with the Oak Ridge National Laboratory physics division and the Oak Ridge Institute of Nuclear Studies, will lead the discussion.

Business Opened By Credit Union To Serve Y-12ers

The Y-12 Employees' Credit Union officially launched itself into business last Thursday when a complete stock of forms needed to inaugurate operations were received and immediately distributed throughout the plant by members of the board of directors and committees of the organization.

Early in the week Credit Union Treasurer W. K. Palmer received several applications for membership, accompanied by purchases of shares in the organization. Several Y-12ers paid for their shares in cash while others announced their intention of buying the shares through payroll deductions.

The shares sell for \$5 each and may be purchased on the payroll deduction plan for as little as \$1 per week. They may be sold back to the credit union at any time and also may be used as collateral for loans from the organization.

Where To Get Applications

Members of the Y-12 Employees' Credit Union board of directors now distributing the forms required for membership and loan applications are Don Phillips, president of the organization, Chemical Research Department; C. L. Estes, Planning and Estimating; John Reece, Product Chemical; W. K. Palmer, Manufacturing Offices; James R. Whitcomb, Employee Relations; Evan Means, Electrical Maintenance; and Mabel Tyer, Superintendents. Members of the credit and supervisory committees also having cards include A. M. Schrader, Field Maintenance; Winfred Ray, Product Chemical; Fred J. Hawks, Product Chemical; Nelson Tibbatts, Planning and Estimating; Clarence E. Johnson, Safety; and W. S. Herron, Chemical.

In addition to these members, the forms may be obtained at the credit union office established in Room 20, Bldg. 9704-2.

Prospective purchasers of shares or applicants for loans also may obtain forms and full information from Palmer at the office of the paymaster, Bldg. 9704-2.

Under provisions adopted by the

THROUGH JULY 2

Ridge Safety Lane Open For Inspections

The Oak Ridge Safety Lane will open today, Wednesday, July 5, for the second semi-annual examination this year of motor vehicles operating in the Atomic City. The period for obtaining stickers for the last half of the year will extend through September 23. Privately owned passenger and commercial automobiles and trucks will be inspected during this period with government vehicles being tested after September 23.

After the opening today, the safety lane will be operated Tuesdays through Saturdays until September 23. On Tuesdays, Wednesdays, Thursdays and Fridays the lane will be open from 9:15 a.m. to 1 p.m. and 2 p.m. to 6 p.m. On Saturdays the hours of operation will be from 8:15 a.m. until noon and 12:45 p.m. until 5 p.m.

Early Inspection Is Urged

All Y-12 motorists and others in Oak Ridge are urged to have their vehicles inspected as early as possible so as to avoid the usual rush at the closing of the inspection period caused by procrastinating car owners.

The new stickers for the last half of the year will have orange lettering on a blue background. They will be attached to the vehicle windshield in the same location as the old stickers and will be put on by safety lane operators.

The safety lane inspections will consist of a close check of brakes, lights, horn, windshield wiper and other parts of vehicles where safe operation depends on them being in proper condition. Stickers will be issued only when all parts of vehicles inspected are found to be in safe condition. When

(Continued on Page 4)

AMONG THE VERY FIRST Y-12ERS TO SUBSCRIBE FOR membership in the Y-12 Employees' Credit Union by purchasing shares in the organization were Olyne Poindexter, of the Property Department; and Major P. Welch, Electrical Maintenance. Miss Poindexter is signing a membership card and Welch is discussing credit union procedures with W. K. Palmer, treasurer of the new organization, just before submitting his own membership application. Another picture on Page Four.

The following Y-12 employees were patients at the Oak Ridge Hospital last week: Willard E. Kitchens, Medical; William Hinkleman, Electrical Maintenance; Myron B. Marshall, Electromagnetic Research Laboratory.

Fred B. Thomas, Isotope Research and Production, became father of a baby girl born June 27 at the Oak Ridge Hospital. Orel C. Hartman, Manufacturing Offices, became father of a baby born at Fort Sanders Hospital in Knoxville last week and Earl Lawson, Maintenance Shops, became father of a baby born last week at the East Tennessee Hospital in Knoxville.

Spanish Speaking Class To Meet

Y-12ers with fundamental knowledge of the Spanish language have been invited to attend a meeting of the Oak Ridge Spanish conversation class to be held at 8 o'clock Thursday night, July 6, in the East Lounge of the Ridge Recreation Hall.

Two Spanish-speaking moving pictures will be shown to help the class in its work of perfecting accent and vocabulary. The class has about 20 members, most of whom are Carbide employees.

Benny Picks Novel For Radio Program

Jack Benny, radio comedian, has picked the novel, "The Dynamiter," by Robert Louis Stevenson for presentation on the weekly radio show, My Favorite Story, at 7 o'clock Sunday night, July 9. The 30-minute program will be given over Oak Ridge Radio Station WATO and is sponsored by Carbide. Ronald Coleman is commentator on the program.

Nation Is Warned On Underestimating

The Portland Oregonian has quoted Dr. Henry M. Wriston, president of Brown University, Providence, R.I., as warning the United States not to underestimate the technical capacity of the Russians. In speaking to the Brown University alumni in Portland, Dr. Wriston was reported as saying that he doubts that the Russians are ahead of the United States on the hydrogen bomb but believes that the two nations have made equal advances on the problem.

FUCHS SUCCESSOR NAMED

The Associated Press has reported that Britain has appointed Dr. Maurice H. H. Pryce, native Briton, as chief of the theoretical physics division at the Harwell atomic research center. He succeeds Dr. Klaus Fuchs, confessed Soviet spy.

Almost—but not quite—as far as from the Halls of Montezuma to the Shores of Tripoli were Y-12ers deployed over the July 4 long week end or on regular vacations. Some even got as far as Nags End, N. C., said to be just a swallow behind Horse's Neck.

Starting off the travelogue—Pat Kirk, of the Plant Records Office, spent the holidays visiting friends in Chicago . . . Helen Burkhalter chucked the July 4 holiday into vacation time and went down to her home at Rome, Ga. . . . Phyllis Finneran was visited by Tom Morder, of St Paul, Minn., recently . . . Sue English, and her husband, J. L. English, of Oak Ridge National Laboratory, spent the week end in Dayton, Ohio . . . Graham Rudolph and her husband, O. B. Rudolph, of Isotope Research, and Production, are vacationing in Paducah, Ky., and Franklin, Tenn.

The McCombs, Martha and Ed, of Analytical Laboratory, are just back from a vacation in Florida . . . Dow Brown vacationed for a week at her home in Clinton, Tennessee. . . . It was sure to come up sooner or later—here is the first mention of Daytona Beach so far this week—Eunice Jones and Geneva Bryant spent a week's vacation down there and wish they were back . . . Alice Elder and her husband motored to Miami for a week recently . . . Wilber McIntosh had his wife's mother and father, from Omaha, Neb., as recent guests and took them on a tour of the Smoky Mountains.

Nancy Doane, of Chemical Research, who has been a muchly feted bride-elect of late, went up to her home in Cynthiana, Ky., over the week end . . . Dr. C. J. Barton and folks have just come back from a vacation of one week in Florida . . . George Nessel took his family out to Texas for a two-week vacation . . . Paul Blakely and family went down to Chattanooga for the week end . . . John Redman and Mrs. R. spent the week end with his folks up in Indiana.

The Superintendents Department reports Mary Lou Pate went up to see the sights of Washington, D. C., over the holidays . . . Harold J. Ratjen and family are on a two-week vacation, one week of which is to be spent at Myrtle Beach, S. C. . . . John Price and his wife, Hazel, hit for the mountains on their vacation, choosing Fontana.

Speaking of vacations—folks up around North Portal who weren't wished they were last week when the "spring plowing" began out in the parking lot. The aroma of a well-populated stock yards were like that of a rose compared to—oh well, they will be finished soon—it is hoped.

"Gus" Angle, of Plant Engineering, just dropped in to report back from a business trip to New York and his planned departure last Friday by automobile to Baltimore, Md., on vacation.

L. R. Bailey, of Maintenance Utilities, is back after a week's vacation . . . Then J. D. Tolliver took off last week for a vacation of two weeks.

Field Maintenance reports that C. H. Noe vacationed recently in Morristown . . . A. M. Kirksey and C. F. Pirkle are back from vacations . . . J. R. Pitts and R. T. Huffman are now on the two-week vacation list . . . The department wishes A. G. Stooksbury a quick recovery from illness.

The Old Man Of The Rivers—also lakes and streams where the elusive finny tribe make residence (naturally it is Evan Means, of Electrical Maintenance who is the subject of this discourse) is back from a vacation spent (did you guess?) fishing. "Sighted fish, snagged same" was his report of success with bass and crappie suffering the greatest depletion in population as a result of Means' mean line handling.

6-1574
NANCY DOANE, OF THE Y-12 CHEMICAL RESEARCH DEPARTMENT, WHO WILL BE married July 29, was honored with a silver shower June 22 at the Oak Terrace. Daisy Ward, also of Y-12, was hostess and most of the guests were Y-12 employees. Guests at the affair, pictured above, are, seated from left, Nancy Doane, Daisy Ward, Juanita Fugate, Ruth Jones, Peggy Schmidt, Mary Evans, Edna Estes, Mary Barnes, Virginia Bowers Smith and Emma Puckett. Standing are Merle Nessel, Alice Center, Helen Matthews, Jan Carpenter, Mary Calvano and Idana Devinish.

Y-12 Photos By Vince Moore

HERE'S A RATHER UN-usual picture of a bride—because her pictured escort is not her husband—but her proud father. The aforesaid proud father is E. L. Boorn, of the Y-12 Chemical Research Department, and his daughter is Mrs. Richard G. Wideman, who was wed June 16 in Worcester, N. Y. She is the former Miss Betsy Boorn, and has a number of friends in Oak Ridge.

W. T. McNamara, of Planning and Estimating, his wife and son, Fred, are spending a week's vacation in the Carolinas—motoring through Asheville over to Charleston and just moseying around taking it easy . . . Helen Sisson is vacationing for one week.

Leonard Higdon, Product Chemical, went down to Mobile, Ala., on a week's trip.

Property Sales reports that H. C. Borum is back from a vacation spent in Oliver Springs. . . . The department sends get well wishes to Hazel Tompkins.

Paul Brownlow, of Stores, is vacationing at his home in Johnson City . . . G. H. Booth went to Rockwood for the holidays to visit a brother . . . Helen Matthews visited her folks at Okolona, Miss., over the week end . . . C. M. Llewellyn and his wife have joined the throngs at Daytona on their vacation.

Charles Stuckey, of the Tool Department, just stayed in Oak Ridge while vacationing . . . Shirley Brown, one of Y-12's most avid baseball fans, went up to Ohio to see some big league games over the holiday week end and then returned to her home at Monterey to rest up while vacationing.

Now we reach that Nags End item previously referred to. Bill Hays, of Security, recently was quite ill at home but while recovering voiced his intent of taking his folks and going over to that Carolina resort with the equine name, accompanied by Jim Wright, former Y-12er in Security. . . . On Bill's return it was Fred Sexton's turn to go vaca-

CORAM—BROWN

The marriage of Miss Sarah M. Brown, of the Y-12 Laundry Department, to Cecil H. Coram on June 13 has been announced by Mrs. John Brown, 2134 Linden Ave., Knoxville, mother of the bride.

The ceremony was performed at Sevierville, Tenn., with the Rev. Roy I. Reece officiating.

The groom is the son of Mr. and Mrs. T. H. Coram, Dean Hill Drive, Knoxville.

Both the bride and groom attended Karns High School in Knox County. Mrs. Coram attended National Business College while her husband attended Knoxville Business College.

ATTKISSON—EDWARDS

The marriage of Miss Mary E. Edwards, of the Uranium Control and Computing Department, to Grover L. Attkisson, former Y-12er, was solemnized at 2 o'clock Saturday afternoon, July 1. The ceremony was performed by the

tioning and he aimed right at Key West, Fla.

Wage Standards tells that Desma Hutcherson is vacationing with friends in Selma, Ala.

Ruth Buttles, of Uranium Control and Computing, is vacationing with home folks in Burlington, Vt. . . . Marjorie Williams and her husband traveled down to Jekyll Island, off Georgia, on vacation . . . Gwinn Harmon and her husband went to Fayetteville, N. C., and Carolina Beach . . . Add Daytona Beach vacationers—A. K. Bissell and family . . . Virginia Swanner spent the week end in Athens, Ala., and Elizabeth Wilson went to Newton, N. C.

O. C. Hartman, of Manufacturing Offices, is receiving get well wishes from the department. He is ill in Ft. Sanders Hospital in Knoxville.

Madeline Tackett, of the Cafeteria and Canteen, is vacationing in Detroit . . . Vena Mae Summitt is doing likewise in Lenoir City.

The Guard Department sends get well wishes to G. W. Boggs . . . H. L. Montooth is welcomed back after an appendectomy . . . J. F. Bruce is being congratulated over becoming the father of a baby girl born June 23 in a Knoxville hospital.

W. R. McGill, of the Fire Department, is taking it easy at home in Oak Ridge while vacationing. . . . Captain W. O. Elam is making one of his periodic trips down to Alabama while vacationing but denies trying to organize Fire Prevention or Clean-up Week drives down there on his own time. . . . With that—s'long 'till next week.

Mrs. Sarah Brown Coram

Rev. Richard I. Porter at the Chapel-On-The-Hill.

The bride is the daughter of Mrs. W. J. Edwards, 146 Highland Ave., Oak Ridge, and the late Mr. Edwards. The groom is the son of Clyde D. Attkisson, 108 North Walker Lane, Oak Ridge, and the late Mrs. Attkisson.

During the ceremony nuptial music was presented by Mrs. Edna Cate, of Y-12, vocalist; and Miss Mildred Presley, of Rockwood, Tenn., organist.

The bride was given in marriage by her uncle, H. D. Parker. At her wedding she wore a white suit with Navy accessories and carried a white prayer book with white orchid and lilies of the valley with lavender streamers.

Miss Marcella Edwards, sister of the bride, was maid of honor and wore a maize suit with white accessories and carried a bouquet of lavender asters.

The bride attended Oak Ridge High School and Tennessee Polytechnic Institute, Cookeville. The groom attended Columbia High School, Columbia, Tenn.

WHITE—GORDON

A social event of interest to Y-12ers was the recent marriage of Miss Marilyn Jane Gordon, of the Y-12 Uranium Control and Computing Department, and Victor White, a student at the University of Tennessee.

The ceremony was performed at 2 o'clock Friday afternoon, June 30, in the Oak Room of the Farragut Hotel, Knoxville. The Rev. Isaac Stern officiated.

The bride is the daughter of Mr. and Mrs. David K. Gordon, of Middletown, Conn. The groom is the son of the late Mr. and Mrs. Abraham White, of New York City.

Mrs. White graduated from Radcliffe College with an A. B. degree in 1949. Her husband received a B. E. degree from Ohio State University in 1948 and now is studying for his master's degree at the University of Tennessee.

CARDS RISE HIGH IN RIDGE BASEBALL LEAGUE

SPORTS NEWS IN Y-12

6-15-82

Y-12 Photos By Vince Moore

PICTURED ABOVE ARE THE Y-12 CARDINALS, THE BEST BASEBALL TEAM TO REPRESENT the plant in several seasons. Front row, from left, are Bill Robertson, Emmett Moore, C. C. (Lefty) Carter, Elmer Johnson, Bob McAllister and Fred Guttery. In the middle row are Warren Grimes, Virgil Raines, Charley Kirkwood, Joe Lister, L. C. Martin and Kenneth Wright. In the rear are Joe Walton, statistician and scorer; Walt Sherrod, C. H. Noe, Bill Dodson, Jack Addison, Bill Asbury, Paul Braden and Manager W. A. (Bill) Burns. The mascot and bat boy is Joe Mason, son of Bill Mason, a strong Y-12 fan.

Y-12ers Lose Chance For First By Losing To Laboratory Team

After winning five straight games, the hard-fighting and colorful Y-12 Cardinals lost a good chance to finish on top of the first half of the Oak Ridge City League by dropping a 7 to 4 decision to the Oak Ridge National Laboratory Nats last Wednesday night. The Cards had trounced their old rivals, the K-25 Hubs, by 4 to 2 Monday night.

That the Cardinals reached as far up as they have in the standings is a tribute to the team spirit and ability of the outfit. The Cards got away to a slow start and lost three out of their first four games. Then they started winning and are confident of continuing their fine brand of play in the second half of the season.

Kirkwood Was Wild

Neither pitcher in the Y-12 and ORNL game lasted long enough to draw social security pay. Young Charley Kirkwood started for the Cards but was wild and was relieved by Lefty Carter in the second after walking five and hitting one batsman. Guinn opened for the Nats but was kayoed in the first and Llewellyn took over for the win.

The Cards got away winging and had the Nats hooked with four runs in the first round but the victors kept pecking away and wound up with a three-run splurge in the seventh to win.

Rally Defeats K-25 Hubs

The Y-12ers rallied in the sixth against K-25 to score three runs and ice a 4 to 2 victory with Carter hurling a six-hitter.

As of last Friday the Nats had a seven won and three lost mark. Y-12 had seven wins and four losses. K-25 was in third place with five wins and three losses.

Rained out games still might play a big part in determining the final standing in the first half. ORNL has two more games to play, Y-12 one and K-25 four. In the announced makeup schedule of the league Y-12 is scheduled to meet Roane-Anderson July 13, if the game is necessary to settle

the decision. One of the vital makeup clashes is set for July 10 with K-25 and ORNL meeting.

Score by innings of the two Y-12 games last week follow:

Team		R	H	E
K-25	1 0 0 0 0 0 0 1	2	6	0
Y-12	0 0 0 0 0 3 0 1 x	4	9	1

Batteries: K-25, Kimbel and Smith. Y-12 Carter and Robertson.

Team		R	H	E
Y-12	4 0 0 0 0 0 0 0	4	7	2
ORNL	1 1 0 1 0 1 3 0 x	7	5	0

Batteries: Y-12, Kirkwood, Carter (2) and Robertson. ORNL, Guinn, Llewellyn (1) and Soard.

Cards Entered In Lake City Baseball Meet

The Y-12 Cardinals have entered in the district tournament of the National Baseball Congress to be staged at Lake City during the week of July 10. Acknowledgement of the entry has been received from Tim C. Peters, district commissioner, of LaFollette.

A number of strong amateur teams have been entered in the event and the winner will go to a state tournament. The state champion then will go to Wichita, Kan., to play in the national tournament.

The schedule of the Lake City tournament had not been determined at press time of The Bulletin last week.

ACS Members Set Picnic On July 15

Many Y-12ers will be present when the East Tennessee Section of the American Chemical Society stages its annual picnic on Saturday, July 15, at Big Ridge Park. In case of inclement weather an alternate date has been set for July 29.

Bldg 9212 Clinches Plant Loop Title With Two Victories

By posting a pair of lop-sided victories last week, the Bldg. 9212 entry in the Plant Softball League clinched the championship of the first half of the season. The Bldg. 9212 outfit whipped the second-place All Stars by 10 to 3 and then dumped the Isotopes by 11 to 2.

Holland Loses One-Hitter
Probably the most unusual game ever staged in the plant loop was a clash between the All Stars and Rippers, in which the Stars took a 5 to 3 victory on only one base hit off Ellis Holland, Ripper hurler. Twitchell's double was the only safe blow obtained by the winners, who scored their runs on errors and walks.

In the other clash of the week the Isotopes routed the Rippers by 7 to 2. In this clash Little, of the Rippers, blasted two home runs, but was called out on one of them for failing to touch third base.

To Play Out Schedule

Although Bldg. 9212 has won the first half title, the schedule will be played out to settle the other positions. The second half of the season will begin on Thursday night, July 13, and the schedule in full is published in the next column.

The next program for the plant league will be on Thursday night, July 6 when at 6:30 p.m. the Isotopes and Rippers will clash and at 8 p.m. the All Stars and Bldg. 9212 team will meet. At 6:30 p.m. Tuesday night, July 11, the Bums and Rippers will play and the 8 p.m. date is open.

Scores of last week's games and the standing as of last Friday follow:

Team		R	H	E
All Stars	0 0 0 0 3 0 0	3	3	1
Bldg. 9212	4 0 4 0 1 1 x	10	8	2

Batteries: All Stars, Ross and Twitchell. Bldg. 9212, Musten and Barker.

Team		R	H	E
Rippers	0 0 1 0 0 0 1	2	7	6
Isotopes	0 0 0 3 0 4 x	7	6	2

Batteries: Rippers, Holland and Little. Isotopes, Darby and Griffin.

Team		R	H	E
Rippers	0 2 0 0 1 0 0	3	5	6
All Stars	1 0 0 1 0 3 x	5	1	0

Batteries: Rippers, Holland and Little. All Stars, Ross and Twitchell.

Team		R	H	E
Bldg. 9212	0 1 2 0 3 5 0	11	14	3
Isotopes	0 1 0 0 0 1 0	2	8	3

Batteries: Bldg. 9212, Musten and Sherrod. Isotopes, Killian and Griffin.

Team	W	L	Team	W	L
Bldg. 9212	6	1	Isotopes	3	4
All Stars	4	3	Rippers	1	5
Bums	3	4			

Semi-Finals Reached By Golfers In Three Flights Of Tourney

Plant Softball Loop Schedule

The schedule of the plant softball league for the second half of the season follows:
July 13—6:30 p.m., All Stars vs Rippers.
8 p.m., Isotopes vs Bums.
July 18—6:30 p.m., All Stars vs Isotopes.
8 p.m., Bums vs All Stars.
July 20—6:30 p.m., All Stars vs Bums.
8 p.m., Bldg. 9212 vs Rippers.
July 25—6:30 p.m., All Stars vs Bldg. 9212.
8 p.m., Rippers vs Isotopes.
July 27—6:30 p.m., Bldg. 9212 vs Isotopes.
8 p.m., Rippers vs Bums.
August 1—6:30 p.m., Bums vs Isotopes.
8 p.m., Rippers vs All Stars.
August 3—6:30 p.m., Bldg. 9212 vs Bums.
8 p.m., Isotopes vs All Stars.
August 8—6:30 p.m., Rippers vs Bldg. 9212.
8 p.m., Rippers vs All Stars.
August 10—6:30 p.m., Isotopes vs Rippers.
8 p.m., Bldg. 9212 vs All Stars.
August 15—6:30 p.m., Bums vs Rippers.
8 p.m., Isotopes vs Bldg. 9212.
Last named team is home team.

Varsity Softies Lose Pair; Meet R-A On Friday

The Y-12 varsity softball team took it on the chin twice last week but hope to break back into the victory column by upsetting the Roane-Anderson outfit at 7 o'clock Friday night, July 7, and the Vagabonds next Monday night at the same hour. Both games are set for the Turnpike Park.

In those games last week K-25 defeated the Y-12ers by 10 to 4 and Oak Ridge National Laboratory trounced the trick by 8 to 2. Weak hitting cost our side both games and in the clash against the Labsters all of Y-12's hits were gained by Bill McGill with a single, triple and home run inside the park.

Line scores of the two games last week follow:

Team		R	H	E
K-25	0 0 3 0 0 7 0	10	9	4
Y-12	1 0 2 1 0 0 0	4	4	4

Batteries: K-25, Key, Smith (6) and Burton. Y-12, Sise and Hale.

Team		R	H	E
Y-12	0 0 0 1 0 1 0	2	3	3
ORNL	2 0 0 0 4 2 x	8	6	0

Batteries: Y-12, Sise and Hale, Moore. ORNL, Keller and Shippe.

More Sport News On Page Four

Play reached the semi-finals last week in the championship and first and second flights of the Plant Golf League tournament to determine the best individual players in the loop. The finals in some of the flights may be played long before the July 17 deadline. All first round matches were to have been completed by last Sunday and second round tilts before next Sunday, July 9.

Championship Flight Progresses
In championship flight matches last week Reynolds beat Sherrod, Bowles beat Wanamaker and Caldwell defeated Lavers. Reynolds and Bowles were to meet in one of the semi-final engagements and Caldwell and Tiller in the other.

Peterson and Richardson were slated in one semi-final match in the first flight with Barker and Crouse in the other. In matches last week Peterson, Richardson, Baker and Crouse were victorious over Nessle, Foster, Rueff and Olson.

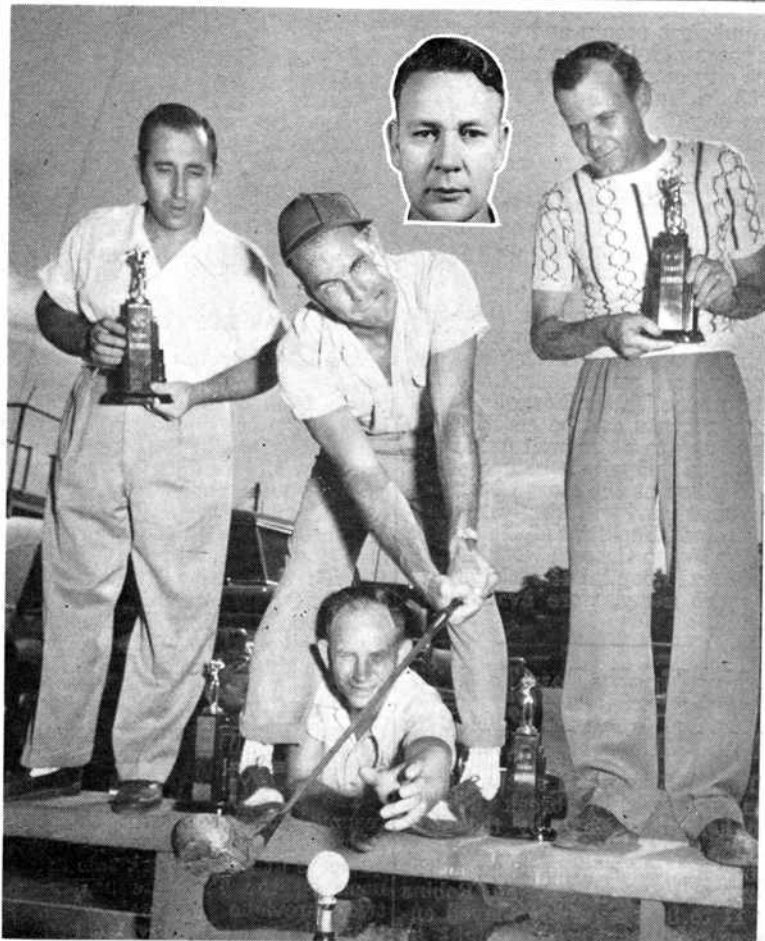

In the second flight matches last week Ratjen defeated Holtzknecht, Cain beat Keese and Mitchel trounced Brown. Cain and Mitchel were to meet in a semi-final match with the winner playing Ratjen for the flight title.

Third flight results saw Keilholtz beat Henderson, Tibbatts trim Garrett and Hubbard defeat Martin. Lowery beat Underwood by default in the fourth flight and Koons trimmed Overholser. In the fifth flight Hooker beat Johnson, Morgan licked Cotton, Crews defeated Greeley and Morgan topped Crews.

Summer Bowlers Of Y-12 Hold League Lead With R-A Split

The Y-12 summer bowling team repulsed a threat from Roane-Anderson keglers last Thursday night at the Oak Terrace to maintain their lead in the league. The Y-12ers got an even split in points losing two out of three games but outscored their opponents in total pinpage.

The Y-12ers posted games of 776, 732, 739—2,247 to 660, 737, 744—2,141 for Roane-Anderson. Frank Gragg led the victors with 522, followed by Duckworth 493, Kendig 459, E. Green 431 and Riddle 342. The Y-12 timbermen have won 26 points and lost 6 with Roane-Anderson being in second place with 22 and 10.

Y-12 Photos By Vince Moore

THE RIPPERS BOWLING TEAM, PLANT GOLF LEAGUE champions, rolled out a lot of shenanigans last week in celebrating their victory and receipt of handsome trophies. In this screwball situation Arnold Tiller is taking a cockeyed swing as Archie Hooker is reaching through to hamper the action—or take a swig out of the tee. Seriously contemplating the foolishness is Jay Holtzknecht, top rear; and Cecil Hubbard. Floyd Ludwig, inset, was not present when the picture was made but got his countenance in the photograph anyway.

"YEAH I DID, TOO, CATCH THAT SEVEN-POUND BASS and here's the picture to prove it," declared G. I. Davis, of the Y-12 Fire Department, after some aspersions on details of an item appearing in The Bulletin May 24 had reached his ear. Davis is proudly dangling the big lunger at right in the picture and his companions are strung out toward the left including J. L. Titlow, Electrical Maintenance, center; and Capt. Ray Ledford, of the Guard Department, left; and a fine assortment of varied fish.

Five Proud Y-12 Dads Send Sons To Camp

(Continued from Page 1)

in many scouting activities, demonstrations and pageants. The youngsters are all at least second-class scouts and more than 12 years old. They are living in a tent city covering 625 acres of the 2,033 in Valley Forge Park. The tent city is laid out in sections, each containing 34 troops of 35 scouts each and three adult leaders. Each scout took his own camping gear, including toilet articles, blankets and other equipment. The troops cook their own meals over charcoal fires. To Visit Historical Points While attending the jamboree the scouts will be taken on sight-seeing tours to Philadelphia and Washington and other historical points near Valley Forge. All parents can be certain that the youngsters are well cared for. Complete physical examinations were given at the start of the encampment and will be given again at its close. Facilities of the Army's Valley Forge General Hospital and the Naval Hospital at Philadelphia, 24 miles away, were available if needed.

Robins Finally Bow To K-25 Lassies In Softball Scramble

The K-25 women's softball team finally managed to break the hoodoo held over them by the Y-12 Robins in the series of practice games held during the summer. The K-25ers knocked off the Robins by 11 to 8 in a loosely played engagement last Tuesday night at the Midtown diamond. Juanita Reed led the Y-12 sluggers with four for four while Jacobs got three for four for the victors. Helen Brown started pitching for Y-12 and was relieved by Helen Aikman in the fourth. Bonnie Roberts did the catching. McAllister and Hopson formed the K-25 battery.

JUST TURN AROUND AND GO OTHER WAY

It seemed that a state of utter confusion almost reigned around Bldg. 9704-2 last week because of an error in The Bulletin reporting plans for establishment of the one-way road extending westward from the building. The one-way traffic on the road is for westbound, repeat, westbound, vehicles from Bldg. 9704-2 down the hill. The arrangement does not affect moving of traffic in the parking lot on the north side of the building.

Women Netters Of Y-12 Trim K-25 With Loss Of One Tilt

A 5 to 1 triumph was turned in by the powerful Y-12 women's tennis team over their rivals from K-25 last week in an engagement previously postponed because of rain. The victors took four matches on the courts and one by default. In singles Mozelle Rankin beat Walsh 6-3, 7-5; Joan Gillian trimmed Gurney 6-3, 6-4; and Elizabeth Patrick walloped Gwaltney 6-0, 6-0. The only match dropped by Y-12 was by Mary Freestone to Trammell by 4-6, 6-3, 4-6 in a hard fought encounter. Helen Burkhalter and Desma Hutcheson beat Beck and Burton in doubles by 6-3, 6-0. Phyllis Finneran and Jean Rogers took their doubles match for Y-12 by default. The Y-12 netters are slated to resume hostilities with the Oak Ridge National Laboratory racquetballers at 5:30 o'clock this afternoon on the Townsite courts. In two previous encounters these teams have evenly divided honors.

DEFENSE NEW ACTIVITY

The Washington Post reports that Rep. Chet Holifield has declared that civilian defense in the atomic age must become a new activity. The representative said that the tin hats and sand buckets of the last war would seem pathetic in the glare of an atomic blast.

DON PHILLIPS, CENTER, PRESIDENT OF THE Y-12 EMPLOYEES' CREDIT UNION, IS shown getting advice on operational procedure from Ralph Cowart, left, and J. T. Rutland, federal credit examiners who helped organize the Y-12 organization.

Chemical Department Again 'All Present'

(Continued from Page 1)

partment with an absentee percentage of .5 per cent. This department was in fourth place for the week ending June 18. In third place in the Major League for the week ending June 25 was the Analytical Laboratory with .8 per cent of its personnel absent and which advanced from eighth place held the preceding week.

Only six departments in the Minor League composed of groups with 15-49 employees scheduled reported perfect attendance records for the week ending June 25 as compared to eight the previous week. Of the six with perfect marks, five were repeaters from the week ending June 18.

Steam Plant Moves Up

The repeaters were the Laundry, Cafeteria and Canteen, Planning and Estimating, Property and Superintendents. Joining this group of departments was the Steam Plant, which advanced from sixth place held for the week ending June 18.

The Technical Service Laboratory advanced from fourth place held for the week ending June 18 to second the following week by reporting .7 per cent of its members absent. Employee Relations took third place in the latest reporting period with 1.1 per cent absenteeism. This department was in a first-place tie the preceding week.

The plant-wide absentee record for the week ending June 25, by departments, follows:

MAJOR LEAGUE				
More Than 50 Employees Scheduled				
Dept.	Percentage Absent	6-25-50	6-18-50	Standing
2619	0.0	1	1	1
2283	0.0	1	1	5
2360	0.5	2	4	4
2282	0.80	3	8	8
2300	0.81	4	13	
2015	0.9	5	2	
2014	1.10	6	3	
2077	1.12	7	6	
2616	1.7	8	8	
2142	1.9	9	11	
2091	2.6	10	9	
2320	3.2	11	10	
2003	3.6	12	12	

Group absentee percentage was 1.6 per cent, .4 per cent higher than the preceding week.

MINOR LEAGUE				
15-49 Employees Scheduled				
Dept.	Percentage Absent	6-25-50	6-18-50	Standing
2096	0.0	1	1	1
2107	0.0	1	1	1
2002	0.0	1	1	1
2140	0.0	1	1	1
2200	0.0	1	1	1
2743	0.0	1	6	
2270	0.7	2	4	
2109	1.1	3	1	
2143	1.3	4	1	
2060	2.3	5	2	
2739	3.0	6	3	
2005	3.6	7	1	
2008	3.8	8	8	
2001	4.2	9	7	
2133	4.3	10	5	

Group absentee percentage was 1.9 per cent, one per cent higher than the preceding week.

The plant average for the week ending June 25 was 1.7 per cent, .5 per cent higher than the preceding week.

Here's something to remember: Learning to ski is like having your portrait painted—it requires a number of sittings.

Next Meeting Of Camera Club Set For Tuesday

A varied and entertaining program has been arranged for the July meeting of the Carbide Camera Club to be held at 7:30 o'clock next Tuesday night, July 11. The meeting will be held in the club headquarters in the Y-12 East Portal building.

The July meeting will be the last until September, club officers having decided to eliminate the scheduled August session because of the vacation period and weather. The annual salon meeting, featuring several different classes of competition for all members, will be held in October.

Features Of July Program

A color slide contest on the subject of flowers, a print exhibition with discussion and a talk on home processing of color film transparencies will feature the program of the meeting next Tuesday.

Entries in the slide contest must be submitted to S. A. Hluchan, Oak Ridge National Laboratory or 108 Darwin Lane; or Nelson Van Wie, K-25 or 106 Maiden Lane; not later than 1 o'clock Saturday afternoon, July 8.

The talk on processing transparencies at home will be given by Stanley Hornbaker, of ORNL, who also will demonstrate the points of his discussion.

The traveling salon of prints will be offered by United States Grafex, Inc., Rochester, N. Y. The exhibition will be a pictorial study of Greece with photographs made by Paul Boris. A competent judge will discuss the exhibition.

Assistance Offered Members

Officers of the Carbide Camera Club, composed of photographic enthusiasts in the three Carbide plants in Oak Ridge, have offered to assist all club members in preparing and mounting pictures to enter in the Union Carbide Camera Club competition to be given in New York October 5. Members wanting to take advantage of this offer are asked to submit their picture and mountin gboard to any officer of the club and the important mounting of the print will be done for the member.

Slow Pitch Team Of Y-12 Wallops Roane-Anderson, 15-9

Manager Pete Francis' Y-12 slow pitch softball team dished out a 15 to 9 defeat to the Roane-Andersonites last Wednesday night. It was the first defeat of the season for the Roane-Anderson team, managed by Roy Roberts, also a Y-12er.

Anderson led the 22-hit attack on Brinkman, R-A pitcher, by rapping out four base hits. Adcock, Angel, Francis, Argo and Holland each got three safeties, one of Holland's being a home run.

The Y-12 team now has a record of two games won against as many defeats.

Summary follows:

Team	R	H	E
Y-12	15	22	6
R-A	9	11	6

Business Is Opened By Y-12 Credit Union

(Continued from Page 1)

board of directors the present limit on purchase of shares will be \$1,000 in a lump sum for a cash purchase and \$100 per month on payroll deduction afterward. The present loan limit for any one person is \$200 for loans with collateral or 10 per cent of the unimpaired assets of the organization, or up to \$150 on unsecured loans backed only by the applicant's own signature. This type of loan must have the especial approval of the credit committee.

These limits are subject to change by action of the board of directors.

Any Y-12 employee or an immediate member of the family, wife, husband or child, may purchase shares in the Y-12 Employees' Credit Union. The shareholders are safeguarded as all officers of the credit union are under a blanket bond and funds are deposited in a bank whose funds are protected by the Federal Deposit Insurance Corporation. The Y-12 credit union funds are deposited in the Oak Ridge Facility of the Hamilton National Bank.

Welcomed By State Group

The Y-12 Employees' Credit Union was officially welcomed to the ranks of the Oak Ridge Chapter of the Tennessee League of Credit Unions at a meeting last Wednesday in the Oak Terrace. President Phillips and Treasurer Palmer represented the Y-12 organization and other Oak Ridge credit unions represented were those at Fairchild, K-25, Oak Ridge National Laboratory, Atomic Energy Commission, Teachers, Oak Ridge Institute of Nuclear Studies, Roane-Anderson and AIT.

Ridge Safety Lane Open For Inspections

(Continued from Page 1)

faulty operating conditions are found they must be corrected by the vehicle owner before it is passed.

Have Reciprocal Agreement

Oak Ridge Safety Lane stickers are required to be displayed on all vehicles operating in the city more than one day each week. However, the city recognizes current stickers from other municipally or state operated safety lanes.

In this respect many Y-12ers who live in Knoxville or Knox County and who have obtained Knoxville city tags may obtain safety lane stickers either in Knoxville or Oak Ridge under a reciprocal agreement.

'ELBOW GREASE' URGED

The New York Times quotes the Navy's Radiological Defense Laboratory and School at San Francisco as saying that experts have discovered that old-fashioned "elbow grease" still is the best and perhaps the only way of decontaminating an area "hot" with radioactivity.
